Marillac House News & Notes

"Strengthening and Empowering Children and Families on Chicago's West Side for over 95 Years."
A Ministry of the Daughters of Charity

VOLUME 1, ISSUE 1

WINTER 2010

The Continued Legacy at Marillac House

Dear Friends:

Please allow me to thank you for the friendship and generosity you have extended to Marillac Social Center. Your faithful support enables us to continue offering important services that make an enormous difference in the lives of struggling families and vulnerable children, teens and seniors.

2009 was a difficult year for the Marillac family – as it was for social service agencies throughout the state. Faced with unprecedented challenges, we reached out to you for help so that we could continue the mission of the Daughters of Charity on Chicago's West Side.

Whether it was with financial gifts or volunteer hours to help our clients, your commitment to our mission is what has kept our staff, clients and Center

CEO Bart Winters enjoying time with our children.

moving in a positive direction.

For close to 100 years the Daughters of Charity and Marillac Social Center have

been a Beacon of Hope on the west side. It is a real privilege to be part of such a great mission and I am grateful for the opportunity to serve with the Daughters, Maureen Hallagan, and the dedicated Marillac staff.

Please come to our Center for a tour, and experience first-hand all that we are doing to make a difference in the lives of the children, teens, families and seniors who make up the wonderful Marillac family. Thank you for your friendship and support.

Sincerely,

Faith Leadership Breakfast on Violence

On Wednesday, January 13, 2010, Marillac Social Center hosted a Faith Based Leadership Breakfast focused on the all too relevant issue of Teen Violence. In honor of Dr. Martin Luther King Jr.'s birthday, the goal of the event was to connect leaders in the community in an effort to create working partnerships to curb violence.

Keynote speaker, Sheriff Tom Dart, spoke on the efforts he and his office have been making to improve the processes in place at the cook county jail and how agencies and commu-

nity leaders can work with his office to develop rehabilitation and support systems for those being released from his custody and prevention activities to stop the inmate population from growing. In addition to Sheriff Dart, the panel assembled included Superintendent Jody Weis, Azim Ramelize, Assist. Deputy Commissioner Family & Support Services, Ruby Taylor of Taproots Inc. and two Hope Junior participants, Jalesa Haggard and Deshon McKnight, who have seen the first hand effects of

violence in their community. The day's event provided suggestions, thought provoking questions and, ultimately, a timeline to create change. Only together will we truly be able to solve this extremely important issue, which will shape the youth of today..... and the leaders of tomorrow.

A Grateful Thank You to Sr. Mary Patricia Larabell

By Sr. Patricia Dunne, D.C., Vice President, Mission Integration

Sr. Mary Patricia Larabell with staff from Marillac.

A member of the Marillac Social Center family and staff, Sister Mary Patricia Larabell retired on January 9, 2010, but in many ways her amazing touch is still amongst us everyday. From the décor in the elevator corridor to the adjacent wall which hosts a poem about children, her spirit and passion for the mission and center meets you each time you enter the building.

Having served in the facilities department, being our decorating guru, Sr. Mary Patricia has made each floor, each area of

the building, an oasis of beauty and inspiration to relax your mind and nourish your spirit.

When people come to Marillac House, they can't believe the building is 15 years old. "The building looks so new, it is so well kept. So many come through your doors every day, how do you do it?" Sister Mary Patricia is the reason.

Though she will no longer be a day-to-day fixture in the center, she is here in these

gifts that she lovingly shared, but, more significantly she is in the hearts of the families, staff and Sisters whom she has loved and cared for even more than she cared for the building. At her farewell reception, on January 8, 2010, the staff came in one by one or in groups to thank her for all the thoughtful, loving things she had done for them throughout the years. Afterwards, Sr. Mary Patricia said, "I had no idea that I meant so much to them but it's really not me – it's God's love that was shared and that binds us together."

Weber-Stephen Products Co. Partners with Hope Junior

By Maureen Hallagan, Executive Director

On October 1, 2009, the Weber-Stephen Products Company Family Foundation provided Marillac Social Center with a desperately needed miracle to re-open the Hope Junior Program. The Foundation voted unanimously to generously fund Hope Junior for \$110,000 each year for a three-year period.

Ginny and Deb Stephen, members of the Stephen

Family Foundation and long-time supporters of the Center, visited Marillac House to personally bring the check for the first year of funding. "The Board's unanimous vote to fund Hope Junior is something that is incredibly near and dear to the heart of our entire family," stated Ginny Stephen. "That each child and teen feel they have a place to go where they are safe and can participate in positive activities is exactly why Hope Junior is critical to

this community."

The Hope Junior Program offers at-risk youth new opportunities and experiences so they can develop the skills to make positive choices for their lives and their futures.

The Marillac Social Center staff, children and teens thank the Weber-Stephen Products Company Family Foundation for their commitment and support in helping young people develop their potential to grow into self-confident future leaders.

Marillac's Food Pantry Helps Local Families

During the 2009 Holiday Season the Marillac Food Pantry, with the help of benefactors and volunteers, served over 1,500 households with all the holiday fixings and meal items needed to prepare Christmas and Thanksgiving dinner for their families.

Over 500 turkeys, canned goods and other essential items were provided to fami-

lies on Chicago's West Side with assistance from several very generous churches, businesses and families.

The Marillac Food Pantry helps families needing assistance with day-to-day food items such as cereal, bread, meat and other assorted non-perishable items. With the help of the Greater Chicago Food Depository, Marillac has been able to enhance the

selections now available to families who lack available, affordable and healthy options for food in the neighborhood.

The Food Pantry's hours are Mondays and Fridays 9:00-11:30am and Wednesdays 5:00-6:30pm. If you are interested in donating items or making a donation to the Food Pantry, please contact Sr. Catherine Marie Lowe in Family Services by calling 773-584-3204.

“The Weber Board understands the tremendous need on the west side of Chicago for teen programming and voted unanimously to fund Hope Junior.”

Marillac Seniors Get Ready for Senior Prom

On Wednesday, November 19, 2009, over 40 seniors from the Marillac Social Center Senior Service program attended the Westside Coalition for Seniors and the Chicago Department of

Marillac Seniors Enjoy Senior Prom

Family & Support Services 17th Annual Senior Prom. It was held at the Hyatt Regency Hotel McCormick Place where over 800 seniors from all over the city of Chicago, and especially the West Side came to pack the dance floor and select a prom King and Queen.

derful event each year,” said Sr. Mary Rita McSweeney, Director of the Senior Services program. “They always have to create extra space on the dance floor.”

Marillac’s Senior Services program works with over 172 mobile and homebound seniors to provide companionship opportunities, medical and home assistance and strives to build a better quality of life for seniors on the West Side of Chicago.

“The seniors in our program look forward to participating in this won-

26.2 Miles of Hope-Marillac Charity Runner Program

By Michelle Mirzoian, Director of Development

This past October I had the amazing opportunity to run the Bank of America Chicago Marathon on behalf of the children and families of Marillac Social Center. What started as a chance to do something for my 30th birthday (that would make me feel young again) became the greatest accomplishment of my life.

During the race, held on Sunday, October 11, 2009, when you didn't feel like running one more

mile, when you didn't want to put one foot in front of the other, running for the center reminded me of all that we can do by just going out there and trying something.

The marathon might have been my Everest that I finally accomplished but, more importantly, I was able to use a personal goal to make a difference in a child's life. In addition to me there were 18 individuals who raised money for the Center and 13 who finished

the marathon in our honor.

I encourage all to take that leap of faith as we move into 2010 and run the half or full marathon on behalf of Marillac. The experience of helping a child is worth it! To find out more information or to participate in the program please contact Brian Clark at (773) 584-3262.

better experience than to run 26.2 miles and realize you made a difference in someone's life at the same time.”

Volunteer Highlight—Mary Sue McDonald

By Sr. Mary Rita McSweeney, Director, Senior Services

Twelve years ago, Mary Sue McDonald came into Marillac House to have a tour of our facility and has never left since. As a volunteer in the Senior Service program, her best and greatest gift is her spirit of joy and sense of service to the over 172 seniors we serve everyday. She is an integral part of all the activities from Senior Prom to Taste of Chicago to the summer trip to Navy Pier. Mary Sue wears many hats while

assisting our seniors.

- She cooks all the “Take Charge” Senior meals.
- She is the Queen of the computer, where she processes their energy assistance and circuit breaker applications.
- She drives to deliver food bags, mother's day baskets and Christmas gifts. She also personally purchases gifts for the Seniors.

- She assists with the annual Coat Sale and visits many of our seniors in nursing homes regularly.

As a volunteer, Mary Sue lives out the mission and spirit of Marillac House every day.

Mary Sue McDonald truly lives the Marillac mission.

**Strengthening and Empowering
 Children and Families for 95 years!**

Marillac Social Center is committed to strengthening and empowering children, teenagers and families on the west side of Chicago, to make positive changes in their lives and community through early childhood education, school age development, teen empowerment programming and senior and outreach services.

As an organization we live out these core values in our daily work, as we serve the needs of others: integrity, excellence, creativity, advocacy, respect and empowerment.
